HISTORY FEATURE - AUGUST OUR INTERNATIONAL CONVENTION

The article for this month's article did not come easy. Had a strange mental block on the subject matter for the article. Finally, after a conversation with other AAs about our International Convention, it was suggested I touch on some facts about our Convention. There was not a lot of information gathered in one place online however I was able to find articles from different Areas, Intergroups, GSO and my own experience that provided enough material for a short article on some of the Conventions.

Our first Convention was held in Cleveland, Ohio on July 28-30 1950 to celebrate A.A. 15th anniversary. The

Convention was a joint effort between the Cleveland and New York but the idea began with Cleveland's A.A. Central Committee. Highlights include, short form of the Tradition approved here and the closing speakers on Sunday, Bill and Bob. This was Dr. Bob's only conference and it was the last time he spoke to a large A.A. group. Very few attendees knew that Bob was dying of cancer. This was the talk Bob said our 12th steps resolve themselves into the words "love and service".

Miami was the host city for our 5th International Convention and our 35th Anniversary in 1970. It was here our Unity Declaration statement was introduced to the Fellowship. Part of the Saturday Night Unity Ceremony delegates from different countries were asked to come and read the statement in their native languages. This would be the last Convention Bill attended. His emphysema had taken a toll on him physically. Another article found online recounts Bill's warm reception when he surprised the attendees at the Sunday morning Big Book meeting. Also, of note,

the film “Bill Discusses the 12 Traditions” was introduced.

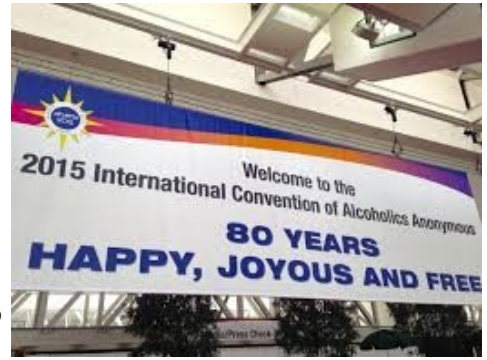

Five years later in 1975 our Fellowship made a journey to Denver, Co. for our 40th Anniversary. This was the first Convention that held the Flag Ceremony. Twenty-nine countries were represented. Then in 1980 we made it down to New Orleans. It was here that recently completed film, “Markings on the Journey” was screened. Also, Dr. Bob’s son addressed our Fellowship. He stated he was “probably the only person here who was present when Bill met Dr. Bob”. Montreal hosted the our 50th Anniversary celebration in 1985. Over 45,000 people were in an attendance, double the number from New Orleans. It was here the five millionth Big Book was present to Ruth Hock. She was Bill’s secretary who typed the original manuscript of our book.

Jump ahead 20 years and we are in Toronto for our 70th Anniversary. And by “we”, I mean I was there too. It was my first International. It was an experience I will never forget. From the Flag Ceremony, Old-timers Meeting, to three countries, Cuba, Mongolia and Qatar having A.A.s present for the first time, it was a spiritual experience I have trouble expressing. The overwhelming sense that I am not center of the universe and the gratitude of those before me. The realization that A.A. is more than me getting sober, more than my home group. My perception of what it means for those that have not found a

solution, how I should do all I can to carry our message and preserve our purpose grew exponentially. What moved me the most was the non-alcoholic doctor from the People’s Republic of China. I attended what was basically a CPC workshop. The doctor stated he and group of other doctors were allowed to attend the 2000 International Convention in Minneapolis as an observer. Later that summer after returning to Beijing, he and another doctor were able to establish the first A.A. groups in two hospitals and they would celebrate 5 years later that month. There was not a dry eye in the room as he spoke.

One of the purposes of holding an International A.A. Convention is to let the world know that A.A. is alive and flourishing as a community resource, locally and internationally. In two years, there will be thousands of individual examples of how A.A. works converging on Detroit. There will be individuals from many backgrounds and they will speak different languages but all will carry the same message only one alcoholic can give to another alcoholic by sharing their experience, strength and hope.

Below is Info sheet I took from GSO archives. It was created before 2015 so there is not a value for the number of attendees for Atlanta.

STEP EIGHT

MADE A LIST OF ALL PERSONS WE HAD HARMED AND BECAME WILLING TO MAKE AMENDS TO THEM ALL.

Our literature states we alcoholics have been incapable of having healthy relationships. After completing my personal inventory, it was obvious that was certainly true for me. Steps 8 and 9 are about personal relations. Before rebuilding any relationship or forming new, healthier ones, I had to be entirely honest in identifying those I had harmed and take responsibility for my part.

Using the 4th step as a start to making my list, there were many I hurt who weren't on my inventory as I had no resentment against them. I started making a list of people I had harmed because of my drinking and how I had hurt them due to my selfishness, pride, dishonesty, and all other character defects identified on my personal inventory. These names had been in my head for a good while so it wasn't too difficult to put it all down on paper. The wrongs others had done had been paramount my whole life as it allowed me to ignore or minimize my own behavior. In making my list, I had to stop blaming others (recovery begins when the

blaming ends!). I tried to focus on my own conduct and disregard what others had done to me. I was just making a list—even if I wasn't yet willing to make the amends. It took honesty and some courage to add certain names to the list, but I swallowed my pride and completed a thorough list.

The second part of Step 8 is to become willing to make amends to them all. I was willing to make some amends immediately, however, some would require a lot of prayer. For those I wasn't willing or ready to make, I asked for willingness for myself and forgiveness for those who had harmed me. It was tough facing the wreckage of my past. Step 8 was the beginning of my amends process and the beginning of being able to forgive myself and others. By making the list, I began to take action toward healing and learning to live in this world in greater peace and understanding.

Joni G., Prattville Downtown Group

TRADITION EIGHT

ALCOHOLICS ANONYMOUS SHOULD REMAIN FOREVER NONPROFESSIONAL, BUT OUR SERVICE CENTERS MAY EMPLOY SPECIAL WORKERS.

Long Form: Alcoholics Anonymous should remain forever non-professional. We define professionalism as the occupation of counseling alcoholics for fees or hire. But we may employ alcoholics where they are going to perform those services for which we may otherwise have to engage nonalcoholics. Such special services may be well recompensed. But our usual A.A. "12th Step" work is never to be paid for.

The first key issue of this tradition to me is that no AA member should get paid for 12th step work. It takes away the magic of one

alcoholic working one on one with another alcoholic in hopes to reduce his fear just enough that he might take an action he doesn't believe will work. If my sponsor was paid to work with me it would take away all credibility.

The second part of this tradition tells me we should pay the same wage for the comparable work for positions that are needed to make 12th step work possible.

The last sentence wraps it up like this, "Our 12th step is never to be paid for, but those who labor in service for us are worthy of their hire."

UNITY - SERVICE - RECOVERY

CONCEPT VIII

The Trustees of the General Service Board act in two primary capacities: (a) With respect to the larger matters of over-all policy and finance, they are the principal planners and administrators. They and their primary committees directly manage these affairs. (b) But with respect to our separately incorporated and constantly active services, the relation of the Trustees is mainly that of full stock ownership and of custodial oversight which they exercise through their ability to elect all directors of these entities.

Our Trustees main responsibility is to ensure the good conduct of our world affairs. Concept VIII discusses how the trustees best coordinate their heavy obligations. We expect our board to oversee the changes that we discuss at the world conference. By definition our Trustees are to plan, manage, and execute the directives we delegate to them. The planning and discussion of our policy changes is not a matter they have time for. That's

why we have separate committees for each service to AAWS. Time and experience operating this way has proven this to be the most effective method.

Again we see Bill W's background in business in this concept. This methodology of operation is the same model used by large business corporations. The board is a holding company for AAWS. Its sole purpose is the oversight of the Grapevine and AAWS. With the huge responsibility of policy, finance, group relations, public relations and leadership the

Trustees can't be expected to worry about litigation being deliberated within the service structure. Otherwise who would be concerned with the legal, financial, and managerial with obligation of carrying out said litigation.
